<u>SMART – New version – user manual</u>

$\underline{SMART - SSO}$

SMART is now available in SSO. User can logon to **sso.kseb.in** and can access SMART.

Additional role management

SMART has been integrated with SAMAGRA for managing additional roles. Now user with additional role can login SMART and the list of roles attached to user will be displayed. User can select the required role and Proceed.

SMART New Inspection module

New Safety inspection module is revamped version of existing Inspection module. In this new module, user (Safety Officer, CSO, DSC) can enter inter section inspection of any sections. User can select surprise inspection menu to add new inspection.

To add new inspection User can click on 'Add new Inspection' button. This page also displays the list of inspection enetered by the user based on its type. The user can either view or edit the inspection from the list.
